SONOMA COUNTY NEWS.

The tax rate of Sebastopol this year is $1.50 for each $100.

The Central California Cannery located at Sebastopol, packed 53,000 cases of fruit this season. The manager states that he expects to put up about 2,000 cases of apples before closing for the season.

The State Grange met in Santa Rosa, Tuesday, and has been in session all of this week. This has been an interesting meeting of the state Grange, as topics were discussed that will prove of profit to the members and the state at large.

The Laton lumber company is the name of a new concern being formed for the purpose of entering into the lumber business at Sebastopol. It is financiered by Petaluma parties.

At Cloverdale there is a great scarcity of grape pickers. The same condition is said to prevail all over the county. In one instance it was learned that ten cents a box was being offered. The ruling price is $2 to $2.50 per ton.

Chief Deputy Charles A. Voglesang of the California Fish Commission inspected the fish ladder recently constructed by the Cloverdale Light and Power Company in Sulphur creek. He was pleased with the ladder and praises the work of the builders greatly.

Grading was started this week to connect the S. P. Co.'s tracks with the California Northwestern at the county seat. Ties and rails are on the ground and the work will be completed next week.

The County clerk has received from the Labor Commissioner the statistics on marriage and divorce in California. Sonoma County's record shows 237 marriages to 37 divorces for the year. Of these partings two were granted to husbands, and 35 to wives, the percentage of credit being largely on the men's side of the account. The causes of the thirty-seven are ten for cruelty twenty for desertion, five for neglect and failure to provide, one for intemperance, and one for adultery.

Last week Prof. A. C. McMeans of the Board of Library Trustees of Santa Rosa, received a check for $6,900 from Andrew Carnegie, which will be devoted to the rebuilding of the damaged portion of the library.

At the weekly meeting of the Consovelo club of Penngrove it was resolved not to buy, sell, lease or trade directly or indirectly with Japanese, and any dealer or storekeeper who harbors them will be put on the unfair list, The club is said to have instructed its clerk to inform any storekeepers of the action taken.—Courier.

The Santa Rosa Press-Democrat has figured out that the hop growers of Sonoma County have paid out $260,000 for picking hops this season. The yield in this county is estimated at 37,000 bales.

The International Masons and Bricklayer's union will erect a handsome monument at Santa Rosa, the estimated cost is to be $9000, to the memory of Howard St. Johns, a member of Santa Rosa union, who, on April 18th saved the lives of six persons in the hotel Brunswick in San Francisco, and when he went back after David Lynch, a fellow member of the union, was overcome by the flames and died. The money was raised by an assessment of ten cents apiece of each member of the international union.

For attempting to embrace three young girls on the streets in Petaluma on Sunday, Alexander Flake was arrested and spent the night in jail. On Monday morning he appeared before Recorder Green and was found guilty. The magistrate sentenced him to pay a fine of $20 and taught him a further lesson in propriety by sending him to the county jail for thirty days. After his misbehavior Flake is said to have boasted of the liberties he had taken.

Every one invited to inspect our Winter display of hats. New designs constantly arriving. G. H. Holz.

Enforced Harmony

The little play to show the dear people that Gov. Pardee entirely approved of the machine method of throwing him out of a second nomination to which he was clearly entitled, has failed.

He was slated to open the guber natorial campaign in Oakland but telegraphed that he was too busy catching fish in Lake Tahoe to bother about politics.

The rank and file of the Republican party by an overwhelming majority wanted Geo. C. Pardee re-nominated for governor.

The bosses didn't. Bosses are like carpenters in one way; they must have tools to work with to maintain their power or the boss business won't pay.

Gov. Pardee made a good governor, and was nobody's tool, and never would be, hence the machine ground him down and out.

What a nice chance it would have given the bosses to rant about that harmony that don't exist and which they so eagerly pray for after their nominations have been forced upon the people.

Sonoma County Ahead

The registrations received at the office of the county clerk up to Monday noon shows that Sonoma county is forging ahead more rapidly than the most sanguine have expected. The total registration show 11,031 voters prepared to cast their ballots and it is anticipated that there may still be a few affidavits which will come in later.

Out of sixty-five precincts in the county, thirty-nine show a substantial gain, while 26 report losses, most of the losses being insignificant in the extreme. Taking the government figures of five persons to a family, this would give Sonoma county a population of more than fifty-five thousand. This is certainly very gratifying to every one within the county and the host of well wishers of the county elsewhere.

NOTICE TO VOTERS

Registration closed September 26, 1906. Transfers from one precinct to another close on October 11th, 1906. See that you are registered at once. Call at County Clerk's office or see Deputy Registration Clerk in your home town or precinct. Do not neglect or delay this matter.

F. L. WRIGHT,
County Clerk.

PURE BLOOD IS VITAL

Not everyone realizes the vital necessity of keeping the blood pure at all times. Impure blood not only causes various derangements and inability to perform one's work well, but gives a ready welcome to all germs of disease with which it comes in contact. It is the rankest extravagance to allow the human blood to remain in an impure or impoverished condition. "Our Standard Remedy" is the safest, purest and best blood purifier on the market to-day. It is a new remedy, a purely vegetable preparation composed of roots, barks and herbs, and contains no calomel or other injurious or metallic drug. 204 doses for $1, with a written guarantee that your money will be refunded if you are not cured of all troubles caused directly or indirectly by bad blood. You can purchase this wonderful new remedy at Clewe's. John McNeil, sole agent for Sonoma County, Ohm's Sulphur Springs, Sonoma.

FRIDAY OCTOBER 5, 1906

Prof. DeWitt Montgomery believes in a high standard of efficiency in teachers and pupils. His work in the Sonoma Valley Union High School not only proves this to be true but shows also that he is a manwho is ble to work out his high ideals successfully.

HENRY FOX

Read the political announcement of Henry Fox in this issue.

Mr. Fox is not so well known all over this county as he will be before this campaign is over.

He has been an honored resident of the city of Healdsburg for twenty-four years and by strict economy, hard work, close attention to business and square dealing has earned the title of a successful man in his chosen vocation.

This fact has led to report that he is a capitalist or at least a wealthy man while the truth of the matter is, he is neither one. If chosen by the citizens of this county for the office of Treasurer, Mr. Fox can be depended upon to conduct the affairs of the office in that same honest, careful, systematic and business like manner that has characterized his business career for over a quarter of a century.

CHAS. A. POOL

Our present Auditor, Chas. A. Pool, has served one term faithfully and well and is asking the people's appreciation of his services by voting to give him a second term. The experts appointed annually by the grand jury, have invariably found Mr. Pool's books to be accurate, well-kept, and without an error of any kind. They have complimented him on the systematic manner in which he has administered the affairs of his office.

The office of auditor and recorder was segregated four years ago and Mr. Pool was the first one to fill the then new office of auditor, Fortunately for this county that he was selected, for he has kept the records of the office in fine shape.

Mr. Pool has many warm friends regaraless of party affiliations, in every section of the county and there seems to be no doubt that a large majority of the voters will agree with his friends in saying, "One good term deserves another" and will stamp the cross of approval opposite his name on the ticket on Nov. 6.

He's Gaining Every Day

Attorney Clarence F. Lea is making a winning fight for the office of Dist. Attorney of this county. Sincere affable, and of pleasing address, the people take to him where ever he goes.

Able, conscientious and fearless in the discharge of his duties, he deserves the success he has won for himself in his chosen profession.

Born and raised in Lake Co., California, he came to Santa Rosa several years ago and opened an office for the practice of law.

It did not take long for Mr. Lea to build up a lucrative practice and gain the esteem of all with whom he came in contact.

Being well grounded in the law, of a clear, strong and resourceful mind and a pleader of unusual ability, Mr. Lea, when called to fill the office of District Attorney will be an ideal official.

We believe the legal fraternity of Sonoma county will agree with us when we say that Clarence F. Lea is one of the ablest lawyers that has ever practiced before the bar of this county. He is the kind of man that the average American voter delights to honor—strictly honorable, of excellent habits and possessing great force of character.

WALTER F. PRICE

Walter F. Price for many years a Deputy Collector of Internal Revenue in this district is an aspirant in this campaign for senatorial honors. Read his political announcement in this issue.

Mr. Price has been for many years an active worker in the ranks of the Republican party which granted him the nomination for Senator. His talents and experience would enable him to make a satisfactory official and if chosen can be counted upon to be always at his post of duty doing that which he considers for the best interests of his county.

GEO. W. HOYLE

Attorney Geo. W. Hoyle of Cloverdale, is making an active and successful campaign for the office of assemblyman for this district.

Mr. Hoyle is an attorney of several years successful practice and has filled every station in life to which he has been called, with honor and credit.

Those who know him best, like him, and as he has that happy

GEORGE W. HOYLE.

faculty of making new friends where ever he goes, his chances for election are very bright indeed.

His straightforwardness, his earnestness of purpose together with his well known ability as a speaker is making many new adherents for him every day who predict that his election to the assembly will be by a large majority.

C. O. DUNBAR

Hon, C. O. Dunbar of Santa Rosa, spent some time in this valley last week in the interests of his candidacy for State Senator.

Mr. Dunbar served the people of this assembly district in the legislature for one term and won a bright name for himself for integrity and ability.

He looked after the interests of his constituents and the people of the whole state in a very creditable manner, and the good work he was able to accomplish, notwithstanding he was of the minority party showed the respect and esteem in which he was held by his fellow members.

Mr. Dunbar now feels that a promotion would be in order, considering his good services and successful experience and successful experience would be in order.

Are Favorably Impressed

The many friends in this city, of De Witt Montgomery and every body in Sonoma is a friend—will be pleased to learn that he is being well received in making his canvas for election of Superintendent o Schools. Many favorable reports come to this office of his candidacy.

Following is a clipping from the Cloverdale Reveille:—

"De Witt Montgomery, Republican nominee for superintendent of schools, spent Friday in Cloverdale. Mr. Montgomery is a young man of scholarly attainments, force and ability. He is a graduate of Stanford University, having the degrees of A. B. and A. M. Besides having had experience as a grammar school principal, for the past four years he has been the principal of the Sonoma High school. It is due to his efficient work that the Sonoma school was raised to accredited standing with the State University. Mr. Montgomery is making a thorough campaign and the voters are favorably impressed with him."

Stork Visits.

Charles Turner Cordill arrived Sunday morning at the home of Mr. and Mrs. L. C. Cordill at Eldridge. He's a bouncing baby and has come to stay.

Mr. and Mrs. Seahoover are the happy parents of a new baby girl born to them last Friday morning.

A fine new native daughter was presented to Mr. and Mrs. Trainor at their home on Second street east last Saturday evening.

Republican Grand Rally

To-morrow, Saturday, evening Union Hall, the Republicans will hold a grand rally and thus open the campaign in this city.

Congressman Duncan E. McKinlay and other speakers will be heard. The Sonoma Brass Band have been engaged to furnish the music for the occasion. Everyone is invited to attend. Dancing to your hearts content after the speaking.

Come everybody and hear the issues of this campaign ably discussed by talented speakers.

By order of
County Central Committee.
J. E. POPPE
Committeeman for Sonoma

Fine French Food

A rare treat was enjoyed last Sunday evening at the beautiful country home of A. Froment's near Glen Ellen.

Mr. Froment is a skillful chef and gave a most exquisite French supper to a small party who heartily enjoyed every feature of the feast. No one knows how to get up something extra fine in the culinary line better than Mr. Froment, no one can come near satisfying the most fastidious tastes of epicureans than he; and the triumph of last Sunday evening furnishes ample proof of his ability in that line.

Those who were fortunate enough to be present are unstinted in the praises of the completeness of the banquet furnished.

Pat Lawler Suicides.

On his bed in his room in the Continental hotel in Petaluma on Wednesday morning they found the lifeless corpse of P. H. Lawyer, familiarly known as "Pat" Lawler. Nearby was a bottle labeled "carbolic acid," and the man's burned mouth told the tale of suicide. Written across the envelope was the man's last message. It read: "This is the last of me. P. H Lawler."

At the time of his death the deceased was the nominee for the office of Justice of the Peace of Petaluma township on the Republican ticket, and had for years been a resident of the township where he was a member of a prominent family. He was born in San Francisco, and forty-nine years of age. The deceased was a graduate of St. Mary's college and of Heald's Business College. He was the author of a book entitled "Poultry Industry of Petaluma.

GRAND GARDEN PARTY

A large crowd attended and enjoyed the Garden Party and dance given by Mr. and Mrs. Theo. Richards at Agua Caliente Springs in aid of Presentation Convent, 1 st Saturday evening. Ice cream, cake, coffee etc., were served on the grounds and a fine spread was partaken of at midnight by the assembled crowd.

Mr. and Mrs. Richards again proved themselves ideal entertainers. Those who took part in the program were Mrs. Emparan, Miss Kelley, Miss Richards and a chorus of six young ladies from the convent.

A neat sum was realized and turned over to the Presentation Convent Sisters.

The First Regiment Band Orchestra of six pieces furnished music for the dance.

Harvest Festival

The lecture and Harvest Festival at the M. E. Church last Friday evening was a complete success in every way and was greatly enjoyed by all who attended.

Presiding Elder Pearson's lecture on Hawaii was splendid and he was listened to with close attention. The choir rendered a number of suitable and pleasing selections. After the program, all adjourned to the sunday school room where the many good things that had been donated were auctioned off to the highest bidder. Ice cream and cake were also served. The proceeds which were for the benefit of the church funds, amounted to about $35.

Rohrer-Zimmerman

An event of much pleasurable interest in the vicinity of Glen Ellen was the marriage there on Sept. 23, of Miss Alma Zimmerman and Mr. Isaac Rohrer, both young people of this valley.

Miss Zimmerman's home was formerly in Motrama, Oregau, and the groom's in the East where he followed the trade of machinist.

The ceremony was performed by the Rev. E. E. Chakurian in the Congregational Church in Glen Ellen.

Mr. and Mrs. Rohrer are spending their honeymoon in Southern California.

CARD OF THANKS

The Sisters of the Presentation Convent thank Mr. and Mrs. Theodor Richards and other friends for the successful garden party given for the benefit of the convent last Saturday night.

Railroads Consolidate

By an arrangement between the Southern Pacific and Santa Fe companies and A. W. Foster of the California Northwestern companies, the threatening railroad contest over the completion of a continuous line between San Francisco and Eureka has been averted. Between Sherwood, the northern end of Mr Foster's road and the present southern terminus of the Santa Fe, thirty-eight miles this side of Eureka, there is a gap of 120 miles, which will cost from $40,000 to $50,000 per mile to build over. The Southern Pacific and Santa Fe will pay 80 per cent and Mr. Foster and his associates the remaining 20 per cent. This new holding company has been incorporated and its $20,000,000 of stock are divided as follows: E. H. Harriman and his friends 40 per cent, the Santa Fe people 20 per cent and Mr. Foster 40 per cent.

Fined for Assault

The trial of J[illegible]arris Jr. on a charge of assault and battery took place before Judge Gibson in Glen Ellen last Friday. The complaining witness, it seems, had been teasing young Serres, who finally tired of the annoyance and struck the man on the jaw. All this happened last June. The plaintiff claims his jaw was broken by the blow.

Attorney Frank Sprague defended the boy in an able manner. The judge fined defendent $10 for simple assult, the amount was paid.

Rev. Rathbone Coming

Rev. L. D. Rathbone, formerly of this county, but now of Berkeley will preach at the morning and evening services at the Congregational church next Sunday. Rev. C. C. Cragin will fill the pulpit of Berkley church, the reverend gentlemen having exchanged pulpit for the day.

Raised Their Salaries

October 1st., the trainmen and other employees of the California Northwestern Railroad Company have received an increase in wages. This is an answer to their petition asking for a 20 per cent raise, and it will lift their pay to the standard of salaries paid by the Southern Pacific throughout the entire system. The pay of the blacksmiths and carpenters was recently increased by the company at the request of those employees. No labor troubles have ever taken place on the California Northwestern. President A. W. Foster and his officials ever appreciating the faithfulness and efficiency of their men.

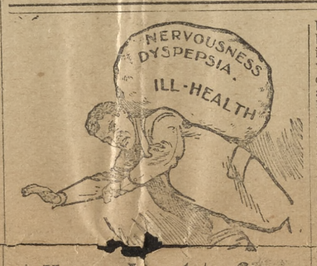
Was in Good Line

Some person discharged a shotgun in the rear of the Expositor office Wednesday morning and a large portion of the contents struck the building just above one of the windows, several shots piercing the sheathing. As one of the employees was standing before the window it was fortunate that no one was hurt. After examining where the marksman hit the building we can report to the gunner that he had a good line but his elevation was just a trifle high.

Gets Twelve Years

Louis West, alias Frank Valdez, the man who burglarized the Star saloon, and who was captured and made a confession to Constable Joe Ryan, was sentenced to twelve years of hard labor at Folsom prison Monday when he appeared before Judge Emmet Seawell.

West had also pleaded guilty to former convictions and our Constable and Deputy Sheriff Ryan deserves considerable credit for the promptness with which he accomplished the fellow's arrest.



A Heavy Load to Carry

"ALL IS WELL THAT ENDS WELL."

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. On the other hand the blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous drugs.

No man is stronger than his stomach. Let the greatest athlete have dyspepsia and his muscles would soon fail. Physical strength is derived from food. If a man has insufficient food he loses strength. If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food eaten is digested and assimilated. People can die of starvation who have abundant food to eat, when the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach the body relies for its strength. And as the body considered as a whole is made up of its several members and organs, so the weakness of the body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the body is weak because it is ill-nourished that physical weakness will be found in back and knees, in hands and feet equally. So also will the weakness be equally distributed among the organs, heart, liver, kidneys, etc., being proportionately weak according to the amount of the reduction of their daily ration of nutrition.

By way of example take the case of the Assistant Treasurer of the Catholic Foresters at Quebec, Mr. Louis Pare, who writes:

"For years after my health began to fail, my head grew dizzy, eyes pained me, and my stomach was sore all the time, while everything I would eat would seem to lie heavy like lead on my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their powders regularly yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery—and stop taking the doctor's medicine. She bought me a bottle and we soon found that I began to improve, so I kept up the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it highest praise."

THE SECRET OUT.

To refute the many false and malicious attacks, bogus formula and other untruthful statements published by competing and disgruntled medicine men concerning Doctor Pierce's World-famed Family Medicines the Doctor has decided to publish all the ingredients entering into his "Golden Medical Discovery." Hereafter every bottle of this medicine leaving the great Laboratory at Buffalo, N. Y., will bear upon it a full list of all the ingredients entering into the compound, printed in plain English.

Pierce's Pleasant Pellets

These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

Hon. E. C. Henshaw Dead

Tuesday afternoon at his late residence in Santa Rosa, Senator Edward Carter Henshaw, one of the best known men in this county passed to his heavenly reward.

He had been ailing for some time and because of his continued ill health, removed to Santa Rosa some few months ago from his old home near Bloomfield to be near medical assistance.

For many years he had represented his district in the State Legislature with honor to himself and credit to his constituents. Senator Henshaw was universally respected as a true and honorable man in every walk of life. His was a model life, generous, charitable, steadfastly adhearing to duty, always using his best efforts on the side of right and justice, his long and useful life stands without a mar or blemish.

Senator Henshaw was a native of North Carolina, where he was born May 30, 1[illegible]. He graduated from Trinity College in 1856, crossed the plains in 1857 and first settled at Petaluma, then he removed to Bloomfield, where he took up ranching in 1861 and where he continued to reside.

He was married in 1861 to Maria Louisa Taylor, who, with three children survive to mourn his loss. They are J. N. Henshaw, B. B. Henshaw and Mrs. John N. Peterson.

The funeral took place from the family residence Thursday at 11 o'clock a. m. Interment was in Petaluma, the funeral leaving over the C. N. R'y at 1:10 p. m.

Damage Suit Dropped

By a stipulation filed in the Superior Court with the consent of the parties on both sides, the damage suit of W. C. Nolan vs. Byron was dismissed without costs to either party.

Conscious of the fact that a judgment in the case would be valuless from a monetary standpoint and having been completely exonerated by local, county and state boards, the plaintiff felt that the expense, about $1000, of a civil suit would not be warranted by the conditions at this time and upon the advice of his attorneys and with the eager acquiescence of the defendent, the suit was dropped.

DO NOT BUY A BICYCLE from *anyone*, or on *any kind of terms*, until you have received our complete Free Catalogues illustrating and describing every kind of high-grade and low-grade bicycles, old patterns and latest models, and learn of our remarkable LOW PRICES and wonderful new offers made possible by selling from factory direct to rider with no middlemen's profits.

WE SHIP ON APPROVAL *without a cent deposit*, Pay the Freight and allow 10 Days Free Trial and make other liberal terms, which no other house in the world will do. You will learn everything and get much valuable information by simply writing us a postal.

We need a *Rider Agent* in every town and can offer an opportunity to make money to suitable young men who apply at once.

$8.50 PUNCTURE-PROOF TIRES ONLY $4.80 PER PAIR

Regular Price $8.50 per pair. *To Introduce We Will Sell You a Sample Pair for Only* $4.80 (CASH WITH ORDER $4.55)

NAILS, TACKS OR GLASS WON'T LET OUT THE AIR

NO MORE TROUBLE FROM PUNCTURES.

Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

Notice the thick rubber tread "A" and puncture strips "B" and "D," also rim strip "E" to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is $8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only $4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price $4.55 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned AT OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

COASTER-BRAKES, built-up-wheels, saddles, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDRY catalogue.

DO NOT WAIT but write us a postal today. DO NOT THINK OF BUYING a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.

HONORS AND WORTH.

Absurdity of Titles That Descend From Father to Son.

When you find a man a most excellent runner, poet, surgeon or mariner, you give him due respect for his skill. If he is very eminent, his occupation esteemed and you chance to be some ruling power, he may receive a title. You do not confer this title because of his grandmother, and you do not make the old lady a duchess or indeed pay her any particular attention. This omission does not reflect discredit on the grandmother. It is obvious to her mind that to make her a peeress because not she, but some one else, has done something "good" would be as absurd as giving her twelve months' hard labor if he had done something otherwise.

Still less rational would it be to make the man's son a peer. The old lady has given the world this grandson. Perhaps she is in a measure the cause of his greatness, just as she might be to a certain extent responsible were he a criminal. But the son of the man did not make his father. He is not to be more greatly praised for what his father has done than for what William the Conqueror did.

The world seldom or never gives a man a title because his father earned one, but it does an equally silly thing when it allows a son to inherit such an "honor," says Home Notes.

Until a man can transmit merit it is absurd to allow him to transmit a testimonial as to merit. And, if there be no pretense of claim to exceptional worth, what solid reason can be advanced for a man receiving a designation that commands deference?

NAVAL DISCIPLINE.

Punishments That Are Meted Out to British Sailors.

For infraction of regulations some curious punishments are meted out in the English navy. It is an everyday occurrence, says London Tit-Bits, to see half a dozen sailors lined up on deck facing the paint work, holding their hammocks on their shoulders. At first the hammock isn't heavy, but after an hour or so it drags on one's shoulders like lead. Besides, it is not at all entertaining to stare fixedly at a square foot of painted woodwork for an hour or more at a time.

Another punishment that Jack despises is bailing with a spoon. He is placed upon the deck, with two large wooden buckets, one filled with water and the other empty. With a spoon he must dip all the water from one bucket and transfer it to the other, being, meanwhile, the butt of his comrades' jests and jeers.

Sometimes a delinquent is made to walk slowly backward and forward along the deck, nursing in his arms a six inch projectile, weighing a little over 100 pounds. Once a sailor, who laughed at the stammering speech of his commander, was made to stand upon the forebridge, in full view of the ship's crew, and laugh for an hour and a half.

Spitting upon the deck of a man-of-war is strictly prohibited. Cuspidors are placed at intervals along the deck, and these must be used. Upon some ships, when a sailor is caught spitting upon the deck, a small tub is strapped to his chest, and he is made to wear it. Any one who chooses may use this walking receptacle. The offender thus punished rarely repeats his offense.

The Value of Rest.

The busy woman, who realizes that it is well to consider the best method of retaining both her health and a fine appearance, will plan and obtain at least a short vacation every year. To be in the greatest degree beneficial the change should be as complete as possible. The more secluded and restful the spot the more good will result. Tiny worry lines will disappear under the soothing influence of the ideal retreat while the free, out of door life will do wonders toward strengthening the muscles and imparting firmness to the skin, thus sending back to her wonted occupations a thoroughly rested and enthusiastic worker, with nerves under complete control and a brain capable of sustaining her through the trying demands of everyday duties.

A New French Rifle.

A new French military invention is on record. This time it is not the machine gun, but the army rifle, and again the inventor steps out from the ranks. Corporal Grissolange of the First colonial infantry has devised a method of greatly increasing the capacity of small arms for rapid firing. Instead of one magazine, holding eight cartridges, as at present, Grissolange provides three magazines, holding altogether eighteen cartridges, which by an easy mechanism worked with great rapidity are brought up in succession to the feeding tube. The army commission on military inventions has just notified Grissolange that the minister of war has placed his invention before the commission, with instructions to examine and report upon it.

WOMAN AND THE LAW.

How Conditions Have Changed In the Last Half Century.

Truly the position of women before the law has suffered mighty changes. Fifty or sixty years ago the twain were indeed one, and that one the husband. He could collect all debts, such as wages that might be due her—though incidentally he was liable for all she owed. She could not make a will of her real estate, nor of her personal property, without his permission, and he was entitled to the income from her lands. He could lock her up in his house and keep her there. Whether he could inflict chastisement was a moot point, though a judge of the North Carolina supreme court held in 1836 that he possessed this power, provided he used "a stick as large as his finger, but no larger than his thumb."

Over the children the husband had absolute control, and could even appoint a guardian by will who could take them away from the mother. They were to be brought up in the father's religion, without any consideration for her feelings. In fact, it was only about 1886 that the supreme court of judicature in England directed that the sons and daughters of the deceased nawab of Bengal by an English wife be reared as Mohammedans.—Everybody's Magazine.

Maund and Maunder.

Neither maund, a basket, nor maunder, to whine or grumble, is obsolete. Both are still in common use in South Notts and Leicestershire, at any rate. The former is used only, however, of a particular kind of basket, used for carrying butter to market. The basket is nearly square in shape and has two lids opening from the middle part, where the handle is, and it is called the "butter mawn" (maund). Maunder is usually heard in such sentences as "What are you maundering at?" A Northumbrian will say, "He's a maundering old fool," when the man of whom he is speaking strings words together in a senseless sort of way somewhat akin to maudling.—London Notes and Queries.

The Color of the Ermine.

It is a popular idea that the ermine sheds its brown summer coat and that on the approach of winter a covering of snow white fur takes its place. This was a natural conclusion, as a possibility of a change in the color of the fur had not occurred to scientists. Experiments, however, have been made, and the brown coated ermine has been placed in a very low temperature. Almost immediately a change was visible in the color of the fur, and without shedding the creature became snowy white.

OAK AND PINE.

The Value and Usefulness of These Classes of Woods.

Though generally assumed that oak is the wood capable of being put to the greatest variety of uses, it is known, as a matter of fact, that the pine is really the most used, on account of its great abundance. Nevertheless, the timber of the oak combines in itself the essential elements of strength and durability, hardness and elasticity in a degree which no other tree can boast, unrivaled as a material of shipbuilding, also superior in architecture, cabinetmaking, carving, mill work, cooperage and innumerable other purposes, while the bark is of great value as furnishing tan and yielding a bitter extract in continual demand for medicinal purposes.

But of uses for the pine details would be well nigh endless. The timber is invaluable in houses and ship carpentry; common turpentine is extracted from it in vast quantities and immense supplies of tar, pitch, resin and lampblack. In the manufacture of matches, and, above all, paper pulp, thousands and tens of thousands of acres of pine forests are cut down every year, and, briefly, the timber of this tree, constituting as it does the chief material of English and American builders, may be said to be more used than all other kinds of wood put together.

The German Wife's Vacation.

It is a common practice in Berlin for the wife to stay at home when the husband and family go to the seaside. In this way the wife enjoys her own holiday, for there is no housekeeping to be done. She foregathers with friends—"grass widows," like herself—and they take their meals at restaurants, spend their afternoons and evenings at popular places of entertainment and thoroughly enjoy themselves.

Decorations Versus Clutter.

Do have harmonious colors and tones in the furnishings and pictures on the walls, but do "eliminate clutter" in the home. Children will naturally despise these adornments, which are continually entrapping their unwary feet or being turned topsy turvy by their small hands even when they don't mean to. Encourage children and young people to make collections of objects from nature—ferns, wild flowers, stones, lichens and curious growths. Provide suitable places for these, stimulate the wish to arrange artistically and then insist upon elimination the moment these decorations degenerate into "clutter." In this way there will be change without decay.—Mothers' Magazine.
